Avyna = Quality and safety

Avyna, founded in 1999, is specialized in designing and producing safe trampolines, trampoline parts and accessories.

Besides trampolines, we also sell inflatables, soccer- and hockey goals. Our office and warehouse are located in Rijen, The Netherlands and we have our own factory in Vietnam.

The advantage of having an own factory, is that we are being able to control the entire process of producing. We also can supply individual parts at all times.

- ✓ Lifetime Frame Warranty
- ✓ Trampolines built for long-lasting performance
- ✓ All trampolines are certified for public & private use and comply with all 1176-1:2017 and 7114:2019 requirements
- ✓ Expandable with Extreme Sport Springs
- ✓ Our Avyna springs include a ten-year warranty, and on our safety pads we give two up to five years warranty
- ✓ Air X-TREAM MAX Jumping mat

The Avyna Pro-Line trampolines are all designed in the Netherlands. Our team of experts always improve and optimize our products to the highest level.

Unique Selling Points

More reasons why you should choose Avyna:

POWER SPRINGS

Power Springs

All Avyna trampoline springs are made of double galvanized steel so that they can't rust. The unique rubber cover cap on the ends of the springs closes hermetically and prevents you from getting hurt while touching the springs.

AIR X-TREAM

Jumping mat Air X-TREAM MAX

In addition to our current high quality Air X-Tream jumping mat, in 2024 Avyna introduced a new MAX version of the Air X-TREAM mats. With a unique special weaving method, our mats are even more open than before and create up to 200% more air permeability than regular jumping mats. Less air resistance creates a better jump, which makes you jump higher. The jumping mat is 100% UV resistant, has an extra 10cm flap to protect the springs and has a nice finish!

HQ STEEL

Frames HQ Steel

For decades, Avyna trampolines are being made from the best Taiwanese steel in our own factory. The heavy steel is double galvanized and makes rust almost impossible. Avyna is the only one that gives a **lifetime warranty** on the trampoline frames.

TOP SAFE

Safety pad Top Safe

Our extra wide and thick safety pads are made of high quality weather resistant vinyl in colors that perfectly match your garden. The thick foam filling does not absorb moisture and offers extra safety. The unique Avyna safety system covers the springs and the frame perfectly, does not flap or shift and guarantees years of safe jumps and fun.

ROYAL CLASS

Safety net Royal Class

The frames in the Avyna Enclosures are made of the same high quality and double galvanized steel as the Avyna trampoline frames. The nets are made of colourfast and weather resistant material. The lockable safety entrance prevents accidents. The entire construction will even hold by jumping sideways into the nets by an adult on purpose, do not overturn and guarantees years of safety and fun.

CLICK & LOCK CAP

Caps (safety nets) Click & Lock Cap

With the Click & Lock Cap system, you can assemble the safety net in one second on the base. It ensures that the net cannot bend or shift.
